

# Don't leave town without keeping an **EyeOnWater**

If you're one of our many winter visitors, you are probably starting to plan your trek to cooler climates. We're going to miss and envy you, especially on those 115°+ days! Remember, just because you're not in Carefree doesn't mean that you have to feel disconnected from your property. Stay in touch with what's happening - through your water meter! Our optional EyeOnWater program allows you to view your daily water usage. Catch costly irrigation leaks early so there won't be any surprises at the end of the month. All you need is a personal computer or smartphone to:

- View easy to understand graphs of your hourly, daily, and monthly water usage.
- Access your water usage data 24/7 anywhere you have internet!
- Gain a greater understanding of your water usage patterns.
- Control the amount of water you use.
- Establish text or e-mail ALERTS notifying you of potential water leaks.

The EyeOnWater service includes the installation of the monitoring and transmission hardware, **plus 10-years of website access**. The cost of this new optional service is either a one-time payment of \$240.00 or 12 monthly payments of \$21.00. Please contact our office if you have any questions.

## feedback from current Carefree customers:

**"Excellent program and service.  
It will pay for itself  
if one leak is detected."**

*Caught several leaks  
saving me a lot of money.*

*"I was able to cut my water usage considerably. (We) worked with our landscaper to show him our usage... Our irrigation system had to be reset which lowered our consumption of water to be more efficient."*

*"It gives a much better  
understanding of usage."*

*"Easy and convenient to use..."*

*Definitely helpful  
for tracking  
our water usage.*

P.O. Box 702, Carefree Arizona 85377  
(480) 488-9100 • Fax (480) 575-9802 • [www.carefreewaterco.com](http://www.carefreewaterco.com)

Please return this completed form by mail/drop box or email the information to [Office@carefreewaterco.com](mailto:Office@carefreewaterco.com) to have your new EyeOnWater monitoring device installed. You will not be charged until your EyeOnWater hardware has been installed.
